To Whom It May Concern:

The purpose of my letter is to recommend Mr. Robert Billman for a teaching position within your school district. I had the pleasure of being Mr. Billman's cooperating teacher for his 14 week placement in my 2nd grade classroom at Myers Elementary School. I strongly believe that Robert would be a wonderful addition to your faculty and school family.

Robert possesses multiple positive attributes that would make him a great candidate for a position in your school. First, he is extremely punctual, adaptable and positive and uses excellent communication skills with our students, staff and families. Unfortunately, during his placement, I had a medical emergency at school and had to leave via ambulance. Despite the fact that I wasn't able to have a conversation with him prior to my abrupt exit from school, Robert didn't hesitate to step up, help with plans and continue on with our daily routines, grading and behavior management. In addition, I have never seen a student teacher so quickly establish a rapport with each student and staff member on our team. Robert even made a point to get to know other second graders and went out of his way to contribute to our school-wide TRIBE mentality. He has a calming presence and offers encouragement to all students. Also of great importance is Mr. Billman's ability to adapt to last minute changes or unusual circumstances. Due to Robert's wealth of experience teaching overseas in different countries and being a father himself, he had an excellent collection of teacher tools, best practices and insight that he brought to our classroom. Finally, Robert made relationships a priority and demonstrated the ability to meet student needs on all levels. His varied approaches and technology platforms such as Padlet and Google Slides were great learning motivators as well. Mr. Billman truly believes that stronger academics are something achievable after the emotional and social needs of children are addressed. Each 2nd grader he taught knew that he cared about him/her as a person as well as a learner.

It is without hesitation that I recommend Mr. Robert Billman to be considered for a position in your district. He is a mature, professional, caring, considerate teacher that will pour all his resources into creating a positive learning environment. If you are looking for a personable, flexible, team player to join your team, he is your candidate. Robert is comfortable taking the lead as well as playing a supportive role and always welcomes constructive perspectives that would enhance his teaching skills. I would be happy to discuss any questions you may have regarding Robert and his teaching abilities. Please feel free to contact me. Thank you for considering him for a position in your district.

Sincerely,

Mrs. Kristy Rosario

2nd Grade Teacher
